Subject: Need a New Quote for the Public Notice

Ms. Dellucky,

It appears we are finally getting much closer to being able to publish the public notice for the Lowerline site. However, we have moved since the time of our initial request for quote and the on-scene coordinator asked that we use a different library. I have attached the most up to date version of the public notice. If you would mind giving me a new quote, including the quote for an affidavit, we can get started. It will still take some time as there will be a need to process the paperwork to get approval to spend the funds.

Thank you for your patience.
